Experience an Aquatic Gymnastics Extravaganza

Circque Del Aqua pays homage to the magic of theatre. International-level acrobats, divers and enchanting characters demonstrating their aquatic prowess in, on and above the water resulting in an extraordinary experience.

Weaving a tapestry of artistry, surrealism and theatrical stunts. Circque Del Aqua defies gravity through the grace and beauty of inspiring acrobatting feats and a storyline filled with excitement, suspense and enchanting characters creating an extraordinary experience.

Splash Down Entertainment has teamed up with one of the leading water based tramp wall designers and choreographers to bring you the spectacular Circque Del Aqua

WATER Sky

SPECTACULAR

Spectacular sky and water show

The Water Sky spectacular incorporates the latest jet boards which propel performers 30 feet in the air flipping and twisting in a choreographed extravaganza themed to music.

On the water our team of International performers bring many different elements from extreme flipping and twisting acts to the beauty and grace of ballerinas twirling across the water.

The show culminates in a human pyramid surrounded by flyboards and jet skis as our performers thank the crowd for being part of the water sky spectacular.

At night time the grace and beauty of the spectacular is further magnified by colorful lights and fireworks which are integrated into the performers costumes.

Our unique jet ski pyro launch systems are used to launch fireworks whilst the craft are in motion adding a whole new dimension to fireworks being fired from the water.
